

12. Cultural Recourses and Endangered Species Investigation

Data Required:

- *The applicant must provide a study by a qualified professional documenting appropriate study of a site to determine the presence of cultural resources, any historic or cultural significance of the property, and other similar findings in accord with all current laws, regulations, and standards.*

A Significant Cultural Resource investigation has been performed for Park 53 as a part of the Environmental Assessment Report November 18, 2014 prepared by ECS. A copy of the report is included in this application in Tab 12.

- *The applicant must provide a study by a qualified professional documenting appropriate study of a site to determine the presence any designated endangered species.*

A Threatened and Endangered Species investigation has been prepared for Park 53 by ECS as a part of the Environmental Assessment Report November 18, 2014. A copy of the report is included in this application in Tab 12.

- *If either of these studies is positive, the applicant must provide a statement from the appropriate professional indicating the likely consequences which such findings may have on industrial development of the site.*

Cultural Resources: Not applicable to this project

Threatened and Endangered Species: Not applicable to this project
