RE: Telecommunications Utility Availability Letter, Park 53 Business Park, Barrow County, Georgia

Dear Mr. Herring:

AT&T is a telecommunication service provider for the Park 53 Business Park located in Barrow County, Georgia at the intersection of University Parkway (State Route 316) and State Route 53.

AT&T has a complete fiber optic network and can provide for all the telecommunications needs inside the industrial park. Our service offerings include, telephone, long distance, wireless and broadband internet service. It is the intention of **AT&T** to serve our entire service area with unequaled telecommunications, and broadband services.

The existing infrastructure can be extended to service the entire Park 53 Industrial Development.

If you need additional information or have any questions please contact our office at **(706) 353-1069**.

Thank you,
Paul Chambers
NE Georgia Regional Director, External Affairs
